

# WEEK 24: ELECTION DISCUSSION GUIDE

1. How can we best approach subjects such as election or predestination where people who love Jesus can differ in opinion so greatly?
2. What was your understanding of predestination and election before this week?
3. How is God's foreknowledge about who will be saved different from Him predestining people to be saved?
4. How does our view on predestination and election change us as Christians?
5. Share a time when you were chosen for a special honor. What was it and how did that make you feel? Do you feel like God has chosen you for a special honor in life?
6. What opportunities has God given you throughout your life to respond to Him?
7. What can you uniquely do to bring God glory through your life? What were you called to do?
8. Often God's divine call and care comes through human messengers. Who are you uniquely positioned to invite to our online church experience? Who are you able to encourage this week? Who can you share your resources with this week?

## ACTION STEP

Ask members to take a few minutes and reflect on what they alone are qualified to do for God. Ask members to help each other determine actionable steps to carry it out.
