

# WEEK 52: HEAVEN DISCUSSION GUIDE

1. Before this week, what came to mind when you thought about heaven? What has changed? What will heaven be like?
2. What are some experiences or bucket list items you still want to do in this life? Do you think you will be able to do them in heaven?
3. Do you think we will have memories of our past life once we are in heaven?
4. If there are no tears or sorrow in heaven, will we still have the memories of things that would cause these emotions? Are negative emotions wiped away or are the memories taken away?
5. What is one thing you are most looking forward to **not** having in heaven?
6. What are some things you've always wanted to do on earth that you think you might have time for in heaven?
7. If you knew you were going to heaven next week, what would you do differently this week?

## ACTION STEP

You were challenged to ask someone you have a relationship with to describe to you what heaven will be like. And if appropriate, to ask whether that person has confidence that he or she is going there. Talk with the group about how it went or who this week you might talk with.
